# KITTY with the big BALLS

This is Kitty. Mia-a-a-ow, he has big balls. The others have not. Haha!

Kitty with the big ball is popular with the ladies.

Yawn!

But Kitty has a hard time keeping a job.

Kitty!

Kitty quickly gets popular...

...with the ladies.

He buys a holiday trip to Florida...

But Kitty don't give a shining shit...

One day the Big Society treats Kitty (and his balls) badly...

But Kitty is a rolling stone born to be free and he revs up his bike...

...and into the sunset, towards new adventures!

Under NO circumstances can or will we publish this!

Children's books are a very delicate field, Mr. Biker Joe!

Bull! My son shit his parts the first time he read it...

Dad! Nuke these bitches' asses with the rocket launcher you keep under my bed!

# Agent <sup>Count</sup> Badminton by Jan Gele

Our hero's name is Carl Adolf Hermann Badminton, Count, secret agent from Sweden and with a soft spot for the lower classes...

PROPERTY OF SÄPO

HI!

That much snow covered Södertälje last year!

The world is in peril. CIA and the KGB have given up. Swedish Säpo must save the day!

For added realism his author has made C.B. an agent of Sweden, the world's moral super power.

This is all we know about Danish politics. You'll have to bluff your way through.

Bluff is my middle name!

The author is legendary for his meticulous research...

CLAP!

I am Bad... Carl Badminton!

Die, you miserable class enemy!

In his homeland he often takes a stand against wrong opinions...

B-but all I said was that I liked ABBA better than Joan Baez!?

Apart from Agneta Fältskog Carl Badminton is the world's best-known Swede.

FORA BORA  
Pals for ever

Carl's world views have made him friends everywhere.

... and he is always ready to put up a fight for peace and justice.

Are you sure this guy Jan Gele is a LIBERAL?

Yeah! Far out!

My
